ABOUT ACHONDROPLASIA

Achondroplasia is a **GENETIC** disorder which affects the growth of some of the bones in our body.

The longest **BONES** hezur luzeenak ez dira behar bezain beste hazten eta, ondorioz, desgaitasun hau daukaten pertsonak **disability are shorter.**

Children with achondroplasia just need certain **Specific care and Special diet**, but their life is just like yours, full of illusion and hopes.

In this story you'll meet Pablo, a clever, funny boy who will surprise you **with his many skills.**

I WANT TO BE A POLICEMANNNNN!

I say it nice and loud, so that everyone knows...

I want to be a policeman,
not just because
I like cops and robbers films, with those
chases and cars...

but also because detectives
are usually as
CLEVER and
HANDSOME
as me.

The bit about me being handsome
is something my Dad often says, and I think
he's right because I look a lot like him
when he was young.

The bit about me being clever is what
MY TEACHER, whose name is also Pablo,
says because I solve problems

IN THE BLINK OF AN EYE.

ANYWAY, GETTING BACK TO ME BEING A POLICEMAN.

I know that things will be a bit tougher
for me in the fitness tests.

As far as I know, they're very difficult
(police officers are super athletes).

That's why I've got a plan to achieve my goal. I'm going
to study Criminology and
I'll become a **Detective.**

I also believe that being
STRONG ISN'T EVERYTHING.
The goodies will need my courage
and brains to catch the baddies...

As I always say:

"There's nothing like following a strong, to catch a thief driven."

And when it comes to
finding clues,
hey,

I have an eagle eye!

Have you ever
follow your

intuition?

I do it all the time.

It's the secret to my success:

*"I never get things wrong
when I trust my instinct,
that's what makes me so distinct"*

7

*(Hey, I reckon
I should become a poet too...
Can you imagine that?
A poet-policeman.
How cool would that be?!)*

I think that I get my intuition from my **MUM.**
 Now she really is intuitive. She always knows what
 I need before anyone else, without me even
 needing to open my mouth.

**"INTUITION AND A GOOD HEART,
 MY MUM'S GOT IT DOWN TO A FINE ART!"**

(There's no doubt
 about it, I'm a born
 poet too)

At school, my classmates,
FERNANDO and **Miguel**, who are
 the best friends anyone could ask for, encourage
 me by saying that, after an amazing career as a
 criminologist, I'll become *Chief of Police*.
 I'll then create a special police force made up
 of short people of short stature like me. They're sure
 that we'll be the perfect back-up for the
 "National Intelligence Department".

Fernando usually gives me a hand when **I have to carry** heavy things. I let him help me because he's a strong lad and he loves showing his muscles off.

Miguel is the **scientist** of the class. When he grows up he wants to be an **archaeologist** and he takes Fernando and me on interesting digs around the playground.

He's convinced he's going to find the femur bone of an **IGUANODON** under the basketball court.

I'm learning loads of stuff with them; and,
 little by little, I'm learning
 to become the best

POLICEMAN,
INVESTIGATOR,
DETECTIVE,
INSPECTOR,
ARCHAEOLOGICAL EXPERT
(AND POET)

in the history of our country's police force.
